360 Energy Solutions is a supplier of commercial and industrial equipment. Our product lines include standard and custom ISO containers, trailers, dry vans, reefers, and fabricated housings to enclose work & personnel processes, containerized battery energy storage systems (CBESS), electrical power generators, water treatment systems, power distribution equipment, and UPS & Switch Gear Lineups.

Our worldwide client base includes end users, manufacturers, EPCs, distributors, and general & sub-contractors with interests in all levels of public, private, civilian, military and government market segments.

360 Energy Solutions product lines include standard and custom ISO containers and enclosures. Typical product applications include:

- Generator Rentals
- Service
- Backup Power
- Portable Power Generation
- Remote Monitoring
- Power Generation
- Energy Storage
- Power Distribution
- Water Treatment

## POWER GENERATION

360 Energy Solutions' product lines include standard and custom ISO containers and trailers. This equipment provides a platform for customizable housings for enclosing Power Generation processes.

- Genset Packaging
- Equipment Reconditioning
- Engine/Generator Controls
- Power Distribution
- Genset Load Testing

## ENERGY STORAGE

End-users of electrical energy are considering battery energy storage system technology that combats transmission & distribution infrastructure issues for utilities, independent power producers, and battery OEM's.

- Battery Management System
- Racking
- Environmental controls (HVAC/
- Fire detection & suppression
- DC Combiners
- AC/DC cabling
- DCxAC inverter technology

## POWER DISTRIBUTION

Climate controlled power equipment centers are manufactured in a wide range of configurations. Equipment can be installed in our custom built enclosures, shipping containers or semi trailers.

- Purpose-built housing
- Custom paint colors & branding
- HVAC & climate control
- Fire suppression
- Available 150 mph wind load
- NEMA 4 Rated

## WATER TREATMENT

360 Energy Solutions designs, engineers and fabricates ISO containerized systems for virtually any mobile water treatment solution.

- Process integration
- Electrical install for hazardous environments
- Multiple flooring and interior finish options
- Build for Class 1 DIV2

## SECURITY TURNSTILES

360 Energy Solutions builds portable turnstile products for any industrial or construction site requirements.

- Wired for CAT6 ethernet data
- House power/load center
- Lighting and emergency lighting
- Power receptacles
- HVAC/climate controlled
- Steel security doors

## WORK BOXES

360 Energy Solutions will design, engineer and manufacture custom storage units for construction sites or for custom commercial requirements.

- Offices
- Storage
- Tool cribs and rigging containers
- Training facilities
- Break rooms

## EXPERIENTIAL MARKETING

360 Energy Solutions is a manufacturer of specialty event marketing containers that are utilized at corporate events and outdoor exhibitions. 360 Energy Solutions successfully brings to life what you imagine and delivers a quality product on time and within budget.

- Event-In-A-Box
- Multi-Level
- Mobile with quick set up
- Product demonstrations

## RETAIL SOLUTIONS

Designing and engineering retail point of service solutions is a 360 Energy Solutions specialty. These products are custom built to fit the requirements of the project. The solutions can be built as permanent installations or made for portability.

- Pop-Up stores
- Kitchen food service
- Portable retail outlet stores

Airflow Analysis to Meet Specific Requirements

Offshore Generator Package

Engine Reconditioned

Logistics Support

## POWER EXPERTS TOO

At 360 Energy Solutions our primary goal is to provide you with products and services that exceed your expectations, and earn your trust as your backup generator provider.

We help our clients make the best decision possible for their generator needs. This includes extensive research to help you find the best value for the most competitive price.

- Controller Upgrades
- New Equipment Installation
- 24/7 Emergency Response
- Fuel Delivery Services
- Remote Monitoring
- Service & Maintenance Programs
- Generator Rebuilding
- Transfer Tests
- Load Bank Tests
- Switchgear Maintenance
